## Emergency response protests & walkouts

As the Bush Administration threatens to wage a unilateral war of aggression, we must do all we can to make this movement the single biggest obstacle to war. War is not inevitable, however, if the war starts we must be organized to resist and disable the war machine.

**Organize walkouts** from school, work, leave your home. Spend the morning organizing for people to join the anti-war movement. A.N.S.W.E.R. organizing centers around the country will be open for flyers, phonebanking and other emergency organizing. Converge at noon in city centers — In San Francisco at Civic Center, in Washington, DC at the White House, and in New York at Union Square — to engage in protest actions against the war. Download flyers and find organizing centers and activities in your area at [www.InternationalANSWER.org](http://www.InternationalANSWER.org).

The morning after  
the war starts —  
**WALK  
OUT!  
STAY  
AWAY**
