Should Freedom of Speech Cost \$41,000 ?

**Stand Up For Freedom -
Because Freedom Can't Protect Itself**

Thursday, July 17th at 1:00 pm

Sunnyvale Courthouse, 605 W. El Camino Real, Sunnyvale

Anti-war demonstrators over the past few months have focused their protests on corporations that are directly profiting from the War on Iraq. One such corporation is Lockheed Martin, a developer of landmines, depleted uranium, and nuclear weapons, with close ties to the Bush administration. **Fifty-two protesters were arrested on April 22, 2003 at Lockheed Martin, for practicing their rights to freedom of speech, peacefully protest and non-violently demonstrate.**

Lockheed Martin, working with the Santa Clara County District Attorney, seeks an **unprecedented legal penalty**: Restitution to reimburse their company **\$41,000**. They're charging a group of protesters for the cost of additional security on April 22nd. *That would be like charging Martin Luther King, Jr. and other civil rights activists for the hoses used to scatter the marchers!*

Join us and take a stand for what makes our country truly great -- Our Fundamental Freedoms. Don't let Freedom of Speech be controlled by Corporations. We need everyone to come out and support the rights of protesters to speak out without being charged and fined for their dissent.
