- Israel has destroyed the infrastructure of Lebanon - ***This is a War Crime!*** by targetting power plants, hospitals, airports, roads, bridges, grain silos, all highways leading in & out of Lebanon and **using phosphorous bombs and cluster bombs against civilians.** Entire Lebanese villages lie in ruins.
- Israel has destroyed Lebanon's environment with spilled & burning oil, toxic waste flows & soot, causing forest fires and growing garbage heaps.
- Israel planned this war on Lebanon over a year ago (SF Chron, 7/21/06)
- The UN Human Rights Council accuses Israel of War Crimes!
