

Let's Impeach the President!

by Neil Young 11/10/06

Let's impeach the president for lyin'

For misleading our country into WAR
Abusing all the power that we gave him
And shipping all our money out the door

Who's the man who hired all the criminals

The white house shadows who hide behind closed doors
They bend the facts to fit with their new story
Of why we have to send our men to war

Let's impeach the president for spying

On citizens inside their own homes
Breaking every law in the country
Tapping our computers and telephones

What if AL QAEDA blew up the levees?

Would New Orleans have been safer that way?
Sheltered by our government's protection
Or was someone just not home that day?

<Neil Young alone sings...>

Well, let's impeach the president for hijacking

Our religion and using it to get elected
Dividing our country into colors
And still leaving black people neglected

But thank GOD he's cracking down on steroids

Since he sold his old baseball team
There's lot's of people lookin' at big trouble
But of course our president is clean

<Neil Young alone sings...>

Thank God!

<Neil Young and others sing...>

Thank God! Thank God!
