## War & Racism Are Not the ANSWER!

The Bush program, supported by the Democrats, is a disastrous response to the Sept. 11 disaster. As the U.S. war continues in Afghanistan, a new war in Iraq is being planned. U.S. troops are now in Yemen, Georgia, the Philippines and Colombia. U.S. F-16s, tanks, and guns supplied to Israel are raining death on Palestinian cities.

The Pentagon is preparing for nuclear war against China, Russia, Iran, North Korea, Iraq, Syria and Libya. The military budget will rise to \$500,000,000,000 (half a trillion dollars) by 2007. This would exceed the military budgets of all other countries in the world, combined. The right-wing, militarist extremists have taken control and are pushing ahead with horrific and genocidal plans.

We also see a wide-ranging attack on civil rights, civil liberties and immigrant rights. Millions here and billions around the world live in poverty, without healthcare, jobs, decent housing and education. Environmental restrictions are being overturned for the sake of maximizing corporate profits.

There is only one force that can stop this pro-war, racist, anti-worker offensive -- a mass people's movement. April 20 will be the next critical step in building the movement we need. Join us, become an organizer, make a contribution, get involved. Together we can win!
